Touching Up The Town Hall.

Mayor Ketchin has placed the
Library Association under great
obligation to him by having the
inner part of the town hall paint-
ed. This is a great improvement
and is to be followed by the use
of the paint brush on the whole
building. The Civic League is
trying its hands at the improve-
ment of this same property by
planting the plot of ground in
front in grass.

Another Whiskey Seizure.

Sheriff Hood and Constable
Boland made another seizure of
whiskey Thursday. They not-
iced a case containing twelve
quarts, directed to Mr. M. M.
Mackorell, and when the same
was taken to his home, it was
refused by his wife. The express
man then delivered it to a cabin
near the house, where it was
afterwards taken by the above
officers and sent to Columbia.

Negro Killed at the Falls.

John McDow, a colored laborer
at Catawba Falls, met his death
Friday afternoon on a tram road.
He was standing between two
cars laden with lumber when the
cars suddenly stopped and the
lumber shot forward, one heavy
piece striking him on the skull
and crushing it badly. Coroner
Leckie went to the scene of the
tragedy Saturday morning and
viewed the remains. The jury of
inquest brought in a verdict in
accordance with the foregoing
facts.

Will not Make the Race.

The State of a few days ago in
making announcement of probable
candidates for various state
offices makes the following note
in regard to a Fairfield man, who
in the last two elections has been
so close a second for the office of
railroad commissioner:

Capt. Jno. G. Mobley, who has
made two very nearly successful
campaigns for the position of
railroad commissioner, states
positively that he will not be in
the race this summer. He has
had a number of voluntary offers
of support, but will not call upon
his friends for their suffrage.

Board of Equalization.

The work of the board of equal-
ization at its meeting last week
was largely routine. It is not
yet possible to tell what changes
have been made in the valuation
of the property of the county, but
Auditor Pagan says that he
thinks it will amount to a right
considerable sum, as the value
of real estate in many instances
was raised and the average of
personal property is decidedly
higher. He says that he is going
to add the fifty per cent penalty
on every one who has failed to
make returns. This in itself will
be a big item to the county, for
it is a matter of fact that there
are a good number who do not
make their returns.

FERTILIZERS—I still have a
plenty of fertilizers for sale,
M. W. Doty.

For Fairfield Folks.

There is one place in Colum-
bia, where Fairfield people al-
ways feel at home and that is at
the mammoth store of J. L.
Mimnaugh & Co., Mr. Mimnaugh
started his mercantile career here
in Winstonsboro and his friends
have watched with interest his
raise in the mercantile world.
He has been increasing his busi-
ness all the while, till now he
has about the largest establish-
ment in the Capital City. Every
department is crowded and there
is no trouble for one to get just
what is wanted, whether it is in
the way of Clothing, Dry Goods,
Notions, Shoes, Hats, Millinery,
trunks, carpets, rugs, etc. And
the beauty of it is they are all
to had at the very lowest prices,
for Mr. Mimnaugh is always on
the lookout for bargains and one
of the keys to his success has
been this being right on the spot
when bargains were being offered.
His whole stock this season is
unusually full and he especially
invites all his Fairfield friends
to call to inspect his stock, when
in Columbia; and if occasion
arises for them to make any
order he wants a chance to serve
them. Be sure to call at Mim-
naugh's Mammoth Store, when
next in the Capital City. It.

A Serious Accident.

Thursday morning, while on
her way to school, Miss Ethel
Coleman, one of the teachers of
the Lebanon school, met with a
very serious accident. She was
in a buggy and with her were
Frank Pope and a little girl.
The mule became frightened
and made a quick dart in the
woods and ran against a board
pile, upsetting the buggy. All
were thrown out, but Miss Cole-
man was the only one injured.
She had her left leg broken
just above the ankle, the left
forefinger broken in the hand,
and her left arm severely sprained.
She is now being cared for at
the home of Mr. D. L. Stevenson
with Mrs. Alice Harden as her
trained nurse. Her many friends
are hoping that she will soon
recover from these injuries.

This is the season of listlessness,
headaches and spring disorders. Hol-
ister's Rocky Mountain Tea is a sure
preventative. Makes you strong and
vigorous. 35 cents, Tea or Tablets.

Knights of Pythias.

It is only a few weeks till the
meeting of the Grand Lodge of
Knights of Pythias in Sumter.
This order throughout South
Carolina is in an exceedingly
prosperous condition. The mem-
bership is now almost to the ten
thousand mark and this number
will probably be reached before
the meeting of the grand lodge.
The local lodges will make every
effort to get in all available ma-
terial before that time, so that
they may make the best possible
showing at their annual gather-
ing.

In this connection it is a mat-
ter of interest that at the annual
meeting of the Grand Lodge last
year Winn Lodge, 108, made the
best report of any lodge in the
whole domain. A feature of
special interest in this report was
the fact that the lodge had espe-
cially emphasized the social and
literary feature by establishing a
well equipped reading room for
the use of its members. This
room, as has been noted before,
is quite nicely fixed up and is a
favorite meeting place for the
Knights, who find here a most
pleasant place to spend the even-
ing with their fellow members.
The courtesies of the room are
also extended to the ladies of the
town and to visiting Knights.

Winn Lodge has taken the lead
in this matter and other lodges
are watching with interest the
result of the experiment that has
been made.
